

Empowering Young Women

# #I AM SUCCESS

2.3 million

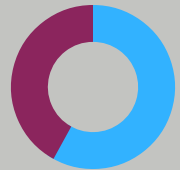

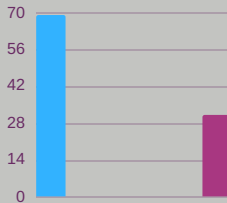

South African learners between the ages of 15-19 are female.

Yet, girls still make up **40%** of the unemployed and **35.8%** of NEET's.

Girls who **do** proceed to become employed earn **29%** lower incomes than males.

Occupying only **31%** of managerial positions

and **42%** of professional positions

To **decrease** the number of girls joining the ranks of the unemployed we need to offer them:

Support Structures

Career Guidance

Skill Development

It is crucial that this be offered **before** they enter the job market to ensure they are prepared for the "real world"

## # I AM SUCCESS

is focused on **transferring** these skills to **female** learners through a four-day **intensive** workshop that provides **unique** guidance and **support** to the world-after-school through the use of **interactive** lessons and
